Dear [REDACTED] STATINTL

We sincerely appreciate your participation in the group interview segment of the Hope College Washington Honors Semester Program.

The quality of this interview segment is entirely dependent upon the willingness of individuals such as yourself to spend some of their valuable time with a group of students. Our interview at the Central Intelligence Agency was most beneficial. My conversations with participants indicate that the interview led to a greater appreciation of your viewpoint. The CIA's willingness to arrange such interviews was particularly appreciated.

Your contact with our students is not only commendable but also an effective means by which they may improve their understanding of our governmental system.

Again, thank you for your time and we hope to see you in the future.

Sincerely,

Jack E. Holmes
Associate Professor
Political Science Department

Enclosed is a list of persons who are participating in the 1980 Hope College Washington Honors Semester. We all are looking forward to visiting the CIA on January 16, 1980 from 10 a.m. to 11:15 a.m.

Rex Mowat told me he has had two different social security numbers which are currently being consolidated. Therefore, please note that his place of birth is Adrian, Michigan, in case this would be easier to check.

Thank you for arranging our visit. Warm regards.

Sincerely,

STATINTL

This letter is to request that you participate in the group interview segment of the Spring, 1980, Hope College Washington Honors Semester Program.

The eighteen student participants in the honors semester are selected on the basis of academic performance and recommendations. The group includes members with majors in the natural sciences, humanities, and social sciences. During the course of the semester students have two six-week internships and three weeks of group interviews.

The group interview segment of the course involves group interviews of a variety of persons at two to four organizations involved in a particular area of public policy. We have found that this gives students a feel for the issues and an appreciation of different viewpoints.

At present we are planning to look at the intelligence community as one of these public policy areas. We would like to visit and interview at your organization's Washington office from 10:00 to 11:15 A.M. on Wednesday, January 16, 1980. If this time and date are convenient please call or write a confirmation to my address below. I then will contact the appropriate person at your office to finalize arrangements. If this time conflicts with your schedule and you would like to arrange an alternate date, please let me know as soon as possible.

Thank you for your consideration of this request and I know the group hopes to be able to visit your office.

Sincerely,

Jack E. Holmes, Associate Professor of
Political Science and Director of 1980
